2014 Year 10 Booklist

In previous years, students moving from Year 9 to 10 were only required to purchase English novels and a Maths text book as all other subjects were semester based. The cost of buying text books for only one semester was taken into consideration, hence, a system of subject levies was implemented. In 2014, four of our practical subjects will still incur a levy (Textiles, Food Technology, Wood Technology and Outdoor Education), however, all other individual subject levies have been removed.

In 2014, as a result of a special digital eBook bundle offer from Jacaranda, students can now have all of their text books on their ipads or another suitable electronic device. English novels, however, are not included in the bundle and will incur additional cost. Novels can be sourced through most eBook stores or alternatively, hard copies can be purchased at bookshops. Students are encouraged to purchase their English/EAL novels early in order to read them over the summer break.

If opting for the digital bundle, students must have the necessary apps installed on their device to read the digital texts. In addition, any productivity apps or any other educational apps must be able to save student work as a PDF.

**Students commencing a VCE Unit 1 Subject**

Some Year 10 students will commence their VCE in Year 10. Books can be ordered online at any time through the Landmark website: www.elandmark.com.au, enter the code 8DQK for access to the College’s VCE booklist. A digital copy of the booklist is attached.

Students MUST confirm their subjects for 2014 prior to purchasing any texts. Course confirmation will occur during the Transition Program.

You will need to decide upon the most cost effective method for purchasing your child’s text books in 2014. This will depend entirely on which subjects your child selects and whether or not the subject has a text book. The Jacaranda digital bundle may or may not be the most cost effective.
